Introduction

'All Sciences originated in Bharat' - Swami Vivekananda

Bharat, the mother of Science, Spirituality and Civilization has guided mankind since time immemorial. We have not only withstood numerous invasions and plunders, but also have broken the shackles of centuries of subjugation. Bharat is fast emerging as a global leader.

As the globe is marching towards industry 4.0, Bharat seeks to re-establish itself. It becomes timely to revisit the pride, review the potential and realize the possibilities in the realm of Science, Technology, Innovation and Entrepreneurship.

Prajna Pravah

Prajna Pravah is an intellectual confluence of positive change agents inclusive of Thinkers, Researchers and Academicians. It is a movement which seeks to identify, inspire & co-ordinate individuals and institutions towards the cause of our Nation.

The intellectual space has to be decolonised and the Bharatiya spirit has to be established. Towards this end, Prajna Pravah has been organising Seminars - Symposiums - Conferences and Study cells across Bharat.

Gyan Sangam

Gyan Sangam is an initiative started in 2016 to create a platform for positive, nationalistic academicians. During 2017, five Gyan Sangams were held across the country. Gyan Sangam has evolved as a platform initiating fruitful, positive discussions. This year Gyan Sangams are being held at different places on various topics.

Gyan Sangam 2019 at Hubballi is a two day national summit on "Innovations of Bharat in Science, Technology and Entrepreneurship". The event shall see the participation of Thinkers, Academicians, Researchers and Entrepreneurs who shall involve in intellectual discourses, case studies to understand and foster the ecosystem for integrated and comprehensive growth.
